The month may bring a turbulent new relationship into your life. The initial introduction may start off a little awkward, even cause some friction. You will need to be tolerant and understanding. Even if you feel sure that your point of view is correct, a hardheaded, stubborn approach is not beneficial.

On the contrary, the true purpose of this conflict is an opportunity for you to reach out and earn the appreciation and respect of this person by freely demonstrating your own.

Other, more practical changes are also in the picture. Many will make changes in their office, residence, or work routine.

Nancy, you may get some strong signals that your career may receive a boost in the very near future, which only buoys your optimism.

Key-words to make this month a success are caution and discipline.

If you are married or otherwise committed, you may feel a little distant from your partner. This is temporary and does not require any special attention. If you are single, romance is not a high priority.

Minor health problems that have not been treated may come to the foreground.

This is a good month to apply discipline to your eating habits and to step-up your exercise regimen.

Your Personal Month for March 2011 is 8

Nancy, March is an 8 Personal Month in a 5 Personal Year. It is a time to be careful in all financial matters. Issues involving money take center stage. If you are considering a major purchase that involves long-range financing -- such as buying a house or a car -- but you question whether you can fulfill the obligation, you would do well to wait until the second half of May before acting.

The worlds of work and personal relationships require opposite approaches this month. A certain amount of aggression in career and business matters is favorable. Promote your ideas.

Put out effort. Work harder and longer than is required. On the other hand, your personal life requires patience and understanding -- both of others and

yourself. You may want to clear the air between you and a loved one, but you have difficulty overcoming your fear of being misunderstood. Or perhaps you are not clear about what you feel. Try putting your thoughts on paper first to achieve a higher degree of clarity.
